# A Letter from SKY

January 29, 2022

Dear Supporters,

On behalf of the Purpose of Life Foundation, I wish to thank you for your support over the years as we make our best effort to change society for the better using our religious principles as guidance.

In this year 2022, we are in the process of doing more as we have launched an initiative to visit Nigeria, the world's most populous Black Nation with our message of Purpose and Empowerment.

Ours is no longer just a message, but a well-planned resource exchange programme that will facilitate investments and trade which will in turn empower our brothers and sisters across the world.

Kindly view our sponsorship packages to subscribe as a supporter.

Sincerely,  
Shyakh Khalid Yasin

An aerial night photograph of a city. In the foreground, a large, brightly lit stadium with a green field is visible. To the right, several modern, multi-story buildings are illuminated. The background shows a dense urban area with many lights, and a city skyline is visible in the distance under a twilight sky with orange and purple hues.

# Our Mission

## In Summary

Create a bridge between corporate resources and businesses in the United States of America and the massive human resources in Nigeria with a view of benefiting our brothers and sisters in both countries; quality affordable services for the former and better earning for the latter.

The tools for this will be Investments, Sales of Franchise and Freelancing Platforms, which are developed already and good to go.
